Duracell Plus Power Improved technology for longer-lasting power. Using super conductive graphite technology in the cathode, Duracell Plus Power guarantees you long-lasting power. Dependable power for your key devices. With every battery tested for voltage and leakage, Duracell Plus Power is the ideal portable power solution for a wide range of medium and low-drain devices such as torches, smoke alarms, microphones, remotes, wireless mice and keyboards. **Large choice of packaging.** Batteries are available in a range of packaging, from small packs through to reclosable large count packs. These larger packs help to limit waste and avoid mixing fresh and old batteries.

Estrell Tape

98

Introducing a new range of Packaging Tape – Estrell Tape

Estrell Tape is a premium, environmentally friendly packaging tape. Finally there is a tape that not only exceeds industry adhesive standards but also considers the impact on our environment.

Estrell Tape is fully recyclable. **Estrell** means “STAR” and this tape certainly is a shining Star in an adhesive universe. Made from a fully biodegradable Acrylic adhesive, **Estrell Tape** has high initial tack and strong bonding power – all the requirements that make a superior Packaging tape. **Estrell Tape** is available in 48mmx50m in buff and clear.

Estrell Tape – a shining star in an adhesive universe

FABER-CASTELL

since 1761

HP 10bII+ Financial Calculator

All-Purpose Financial Calculator

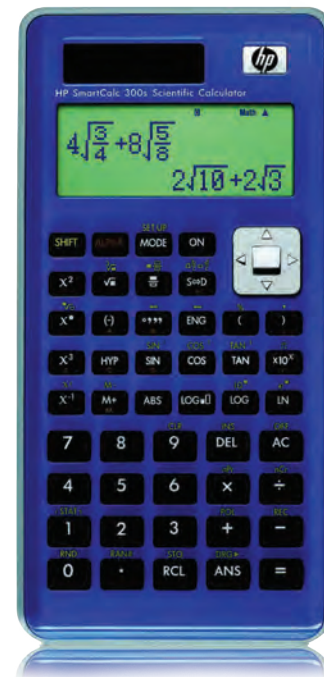

- Calculate loans, TVM, NPV and IRR
- Robust set of statistical, algebraic, and trigonometric functions
- Approved for CFP®, FRM and ERM Exams

HP 10S Scientific Calculator

Easy to use for science and math students

- 2-line display
- Solar-Powered with battery backup
- Work with fractions, logs, powers and roots

HP 300S Scientific Calculator

See the expression as you would on paper

- Textbook Format Display (TFD)
- Standard Algebraic calculation mode
- Solar-Powered with battery backup
- Logical and easy-to-use
- Capable of computing and displaying fractions

HP Office Calc 100

Just right for your desk

- Large 10-digit screen
- Solar-powered with battery back-up
- Sales total and tax functions
- Mark-up and percent keys
- Check, correct and delete

Ultra-light Ultra-thin Ultra-mini USB Sticks

- Portable, convenient access to information.
- Capless and compact design.
- Store and transfer images, music, documents,, games, and more!

Available in 4 gig , 8 gig, 16 gig, and 32 gig

PHN Oil Pastels

- Brilliant, fade-resistant colours
- Ideal for most types of paper
- Great to use in conjunction with watercolours
- Slow drying time, means you can work on a piece for several weeks
- Pastels apply smoothly and blend easily using cotton buds, fingers or tortillon for subtle shades, tints and colour mixture (can also be blended with mineral spirits or thinners)

Watercolour Paint

- Vibrant colour paints in easy-to-use tubes
- Dries evenly, fade-resistant, will not crack or flake
- Ideal for layering colour over colour (glazing) without turning muddy
- Plastic tubes allow every last drop of paint to be used
- Great in conjunction with oil pastels and colour pencils

ERD40PK1 DOTLINER Glue Tape

ERR40PK1 Glue Tape Refill 8.4mm X 16m

How to choose a shredder

Why Shred?

Information theft is the fastest growing type of fraud in Europe. The good news is that Rexel's stylish range of innovative shredders will protect your personal and business information from being stolen. Ensure that you destroy hard copies of information that could put you or your business at risk. Items you might want to shred are...

Bank/Credit card statements, Client lists, Customer details, Utility bills, Accounting records, Letter headed paper, Tax returns, Medical records, Compliment slips, Salary details and Financial/sales reports.

Choosing the right shredder

The shredder you choose depends very much on your personal or business requirements. Our step-by-step guide below can help you determine which shredder will best suit your needs.

See the next page for detailed information on all our features and benefits

When selecting a new shredder, you should also consider...

- The sheet capacity (number of sheets that can be fed into the machine in one pass) and bin capacity (how much you can shred before you have to empty the bin)
- Rexel shredders are finger safe and come with a 2 year warranty and extended warranty on the cutters (excluding wear and tear).

The National Regulator of Compulsory Specification (NRCS) requires that all electrical goods are cleared for importation by the South African Bureau of Standards (SABS). Letters of Authority (LOA) issued by the NRCS for Rexel and GBC electrical machines can be found on www.rexelsa.co.za

How to choose a laminator

1 Choose the right type of pouch for your purpose:

What documents do you want to laminate?	 Card™ Pouch	 Document™ Pouch	 HighSpeed™ Pouch	 Matt™ Pouch	 Peel'nStick™ Pouch	 Organise™ Pouch
Signage				✓	✓	
Filing or Presentation						✓
Labelling & identity	✓	✓				
Reference materials	✓	✓	✓	✓		
General everyday items		✓	✓	✓		
Photos		✓		✓		
Size	ID sizes	A2 to A7	A4	A3 & A4	A3 & A4	A4
Pouch Thickness (mic.)	2 x 125 to 2 x 250	2 x 75 to 2 x 250	2 x 75 to 2 x 125	2 x 75 to 2 x 125	2 x 75 to 2 x 125	2 x 75 to 2 x 125
Measured in microns, per flap. i.e. 2 x 125 = 250 micron total thickness	Whichever thickness of pouch you select your document will be perfectly laminated. The lower the micron selected the more flexible the finished laminated document. The higher the micron the more rigid. As a general rule the more frequently that your document will be handled the higher the thickness of pouch you should select.					

2 Find the compatible machine:

“There aren’t many industries around that can aspire to becoming genuinely sustainable. The pulp and paper industry, however, is one of them. It is inherently sustainable.”

Jonathan Porrit, chairman 2000 – 2009 UK Sustainability Development Commission

At Mondi, every step of the paper and packaging supply chain, from the growing of trees to the creation of the end product, is run according to all applicable rules, regulations and standards; and with the utmost regard for the safety and health of our employees, the communities we live and operate in, and the environment.

All of Mondi’s South African plantations are certified by the Forest Stewardship Council (FSC™).

1. Forest Stewardship Council (FSC) – South Africa has a high level of certification of its plantations and a stringent regulatory environment so sustainable forest management and stewardship of the plantation sector is well assured. All Mondi’s South Africa plantations are FSC certified.
2. Climate Change – Given their ability to absorb and store CO², forests can help counteract or moderate climate change. Trees serve as “sinks” within the carbon cycle, absorbing and sequestering CO² from the atmosphere. Growing sustainably managed forests thus contributes to reducing CO² levels in the atmosphere.
Mondi is striving towards increasing its ratio of renewable energy use over fossil fuels. In South Africa approximately 62% of the energy consumed by Mondi operations are from renewable energy sources.
3. Water Resources – South Africa is a water-stressed country and water resources are constantly under pressure. Mondi has conducted a water impact assessment of our forestry operations and is taking risks into account in its operations. Mondi’s Merebank paper mill holds a unique distinction in that this operation utilizes no potable (drinking) water in the paper production process.
The Mondi Wetlands Programme also aims to highlight the critical role that wetlands play in South Africa’s water security.

Why use Mondi paper?

Mondi paper is produced in an environmentally responsible and sustainable manner which reflects the Mondi group ethos of sustainability. Consumers should look out for paper and wood products bearing the FSC™ mark of certification.
